|    | Total Number of Boreholes                | A total of 02 holes drilled in the study area & influence of 02 drill hole was considered for estimating the resources. Total meterage of drilling in the 02 borehole is 52.5m and 50m respectively  The boreholes were drilled closely spaced at 400 X 400 m regular grid pattern except some of the bore holes which were shifted due to crops in the agriculture field. The limestone deposit of the area is of regular habit, thus it falls under G-2 (332) category, as per Part III of The Minerals (Evidence of |            |                                           |                 |                 |                               |  |

|    | Toposheet No.              | 45F/5                                                                                                                                                                                                                                                                                                                                                   |
|    | Morphology of the area     | The area is almost plain with small mounds and knolls. The area shows a plain topography with scanty and scattered outcrops of limestone which are partially concealed under windblown sand and at some places with agriculture farm soil. Most of the limestone exposures are on ground level except some low to moderate high linear isolated mounds. |

## PART B – PARTICULARS OF STATUTORY LICENSES, PERMITS, PERMISSIONS, CONCESSIONS, APPROVALS AND CONSENTS RELATED TO MINING OPERATIONS

| S.N. | Particulars                                       | Details/Status                   |
|------|---------------------------------------------------|----------------------------------|
| 1    | Forest Clearance                                  |                                  |
| 2    | Wildlife clearance (sanctuary, reserve or         |                                  |
|      | special zone clearances)                          |                                  |
| 3    | Environment clearance                             |                                  |
| 4    | Mining Plan Approval                              |                                  |
| 5    | Consent to establish                              |                                  |
| 6    | Explosive license                                 |                                  |
| 7    | Permission for mining opening                     |                                  |
| 8    | Permission of installation/trial operation of     |                                  |
|      | equipment                                         |                                  |
| 9    | Ground water clearance (Centre/State)             | To be obtained by the successful |
| 10   | Railway siding approval                           | Bidder                           |
| 11   | Approval for diesel storage                       |                                  |
| 12   | Power line from State Discom                      |                                  |
| 13   | Clearances relating to work under an existing     |                                  |
|      | transmission line or shifting of the transmission |                                  |
|      | line                                              |                                  |
| 14   | GramaSabha consent                                |                                  |
| 15   | Any other clearances to start mining operation    |                                  |

## PART C - PARTICULARS OF LAND

|    | LAND TYPE                          | Area (in. Hectares) |
|----|------------------------------------|---------------------|
| 1. | Total Concession Area              | 4.8000              |
| 2. | Forest Land with status            | NIL                 |
| 3. | Government Land with status        | 2.3492              |
| 4. | Charagah Land with status          | NIL                 |
| 5. | Private Land with status           | 2.4508              |
| 6. | Revenue survey details of the Area | Available           |
